LETTER OF APPRECIATION

This is to certify that **Mr. K. Chaitanya Krishna** pursuing his study of B.Tech in Koneru Lakshmaiah Education Foundation, has been an active member of FOCUS and has played a vital role in progression of the association towards its goals.

FOCUS is the student association of Computer Science and Engineering department of KLEF which is aimed at paving a platform for all the upcoming aspirants to showcase their talents and experience the real competitive and ever growing Computer Science world. It has been showing its expertise in achieving these goals since 15 years by conducting various activities and events which uplift the penchant of every individual towards practical and activity based learning.

Being a member of FOCUS one can master the skills of communication, team play and leadership. It also helps its members to develop themselves in their area of interest and provides them with an opportunity to share their knowledge which helps in the overall development of that individual.

He has rendered his service as **Vice President** in FOCUS efficiently for the academic year 2017-2018.

Therefore we wish all the leadership, management and communication skills he gained, and the roles he played as both team player and team leader will be an asset to him and they come in hand to achieve his goals.

Professor In charge

Head of the Department
Dr. G. Krishna Mohan
Computer Science and Engineering, KLEF
